The Knesset

**MK Nissim Vaturi**
Deputy Speaker of the Knesset

ח"כ ניסים ואטורי
סגן יו"ר הכנסת

Greetings from the Israeli Knesset!

I am writing this letter on behalf of Trippy.VC and its founders Harry Rozenberg and Yitz Klein. I have been working closely together with them in Israel to provide the Chayalim and general populace with access to alternative therapies for ptsd and trauma.

We are working together moving forward plans for a sustainable wellness center on their land in Sde'i Trumot.

As I write this letter, our nation is still in war time. It is critical to provide support for those working on behalf of the Jewish people with the resources they need. Harry and Yitz have been working tirelessly supporting these efforts and have been involved in projects both public and private, helping to secure certain realities for the people of Israel.

My mission is to help secure protection for the Jewish People and those defending the land. With the help of G-d, our combined efforts will ensure the physical and emotional well being of our great nation and IDF soldiers.

On behalf of the State of Israel, for its safety, in present and in future; I urge you to please include yourself in the impactful work Harry and Yitz are performing and participate in the time when your are most needed.

I look forward to greeting you personally in Jerusalem the holy city.

Deputy Speaker of the Knesset

Member of Knesset Nissim Vaturi
